

Here's some info that might be helpful:

Any cat or kitten you find, temporarily feed or bring into your home, you can get them into the Oregon Humane Society. You will just have to claim the cat as yours ie. Owned and follow the instructions here:

<https://www.oregonhumane.org/>

under programs and services clinic on rehoming your pet, then cursor down under Salem, "cat personality profile" and complete this form:

<https://www.oregonhumane.org/rehome-your-salem-cat/>

A common excuse--my roommate moved, left the cat and it doesn't get along with my cats or I have allergies. As long as you claim the cat as yours, you can get it in via their online form.
