

Bring Art Classes to Your School & Receive 50% off

Dear Parent,

Thank you for your interest in our Art on Wheels Enrichment Program that your child's elementary school can offer its students.

If your school has never had our program or it has been more than one school year, please take the following three steps so that your child can receive the benefits of great art training for **50% off**:

1. **Email us at info@CREATORStouchonWheels.org** with the school name and location to confirm we are available to come to your school. We will provide you with more information about the classes and options.
2. **Talk to other parents** at the school about the possibility of art classes and make a list of students (with phone numbers) who are interested in taking art classes after-school.
3. **Meet with your school's principal** and bring the information we send you as well as the list you made of interested students. Ask if he/she would support having an after school art program paid for by parents who enroll their children. Report back to us the response and if he/she has questions or would like to see sample curriculum, I would be happy to come meet with him/her.

Thank you for considering referring us. If we do get classes started on campus this school year, we will give your child/children 50% off the first 6 to 8 week session as a thank you. We appreciate your time and willingness to help promote the arts.

Sincerely,

Rochelle Breckenridge
