

ATC 2022 Legion Main Event and other details (beta draft)

ATC 2022 Legion Main Event (Player Cap of 32)

Each player's army MUST consist of 800 points or less.
There will be a minimum of 4 Swiss Rounds of 150 minutes.
There will be a 5th round if a full 32 players are registered.

The most up to date rules and tournament regulations that are in date at the start of the event weekend will be used.

In the final round, the top 2 will fight for champion status. The final round games will count toward the final player rankings.

Tabletop.to will be used for this event. Once you have registered for the Legion event, please go to the event page on Tabletop.to and 'sign up'. A link will be provided for this event as we get closer to the event as the tournament rules could change. The tabletop.to ruleset is locked during the creation of the event. This can't be changed later, and thus the link for this will have to wait till closer to the date. We will double check your entry against ticketing, and then approve you once it's been verified. This will allow you to submit your list on time.

Players should have all materials needed to play Legion. This includes tokens, models, and a Silhouette.

Model rules will follow the event wide requirements. Only official models will be allowed.
