MUSEUM LAUNCHES CAREER SUCCESS PROGRAM

Looking for a job? The Calico Rock Museum & Visitor Center wants to help you find success. The museum has launched a new Career Success Program. Anyone interested in finding a job or changing jobs can join our program.

Simply complete a job application on our website and return to the museum or call us to enroll in the program. The goal of the program will be to connect people who are looking for jobs with people who are looking to hire someone. The program will include workshops on how to complete job applications, write a good resume, interview for jobs, and dress for success. There is no cost to join the program.

Enrollment in the program will not guarantee employment or success. The Calico Rock Museum & Visitor Center serves the people of Calico Rock by building a bridge between the past and present. To learn more about this program or to enroll, call us at 870-297-6100 or visit www.calicorockmuseum.com.
