## MEDIA RELEASE

---

### GDRA Continuing in the Rebuilding Efforts for the Trotwood Community

---

Trotwood, Ohio, August 20, 2019 - The Greater Dayton Realist Association is announcing a Press Conference on Wednesday, September 11, 2019, 11:00 a.m. at the City of Trotwood Office Building, 3035 Olive Road, Trotwood, Ohio 45426 to present a monetary donation to the Trotwood Disaster Relief Fund.

We have been joined in our continual rebuilding efforts by the Ohio Realist Association, the Greater Cincinnati Realist Association and the generous mortgage forgiving actions of Union Savings Bank. Trotwood was one of the cities in our immediate service area that suffered massive devastation from the Memorial Day tornados.

The Greater Dayton Realist Association (GDRA) is a Chapter of the National Association of Real Estate Brokers (NAREB). NAREB was founded in 1947 and is the oldest African American trade association in America. Members of the NAREB organization are referred to as "Realist".

The Realist will share information and address the concerns of citizens regarding questionable rentals, rent-to-own and other offers being made to those who have been traumatized or impacted by this tragedy.

In addition, the Realist will announce their upcoming **free** home buying events occurring in October and November hosted by the Greater Dayton Realist Association. Visit the GDRA website for more details -
