The Fall meeting of the Kansas Honey Producers Association will be held in Wichita this year. Please mark your calendars now for this event. We have confirmed several guest speakers for this meeting. We will have Dr. Jennifer Tsuruda from the Department of Entomology and Plant Pathology Extension at the University of Tennessee in Knoxville will attend. Also, one of our favorite people will be at this meeting too, Dr. Judy Wu-Smart. Judy is an Extension and Research Entomologist at the University of Nebraska, Lincoln, Department of Entomology. Judy received her doctorate in Entomology from the University of MN under the direction of Dr. Marla Spivak. Another guest speaker will be Louann Hausner. Louann is a 3rd generation beekeeper that was the 1996 American Honey Princess. From her experience gained as a National Spokesperson and her public relations/marketing experience from a career with John Deere, Louann has volunteered her time over the last 21 years to conduct the media training for the American Beekeeping Federation American Honey Queen & Princess. Originally from Wisconsin, Louann currently resides in Lenexa, KS.

You may make your room reservations by calling the Best Western Wichita North by calling 316-832-9387 and mentioning the Kansas Honey Producers Association to get our discounted rate of \$89.99 per night. To get this rate reservations must be made by September 26th.

Please pass the word about the meeting to other beekeepers that you may know in Kansas and the adjoining states. Check on the KHPA website at [kansashoneyproducers.org](http://kansashoneyproducers.org) for final program information.
