## **Cyber Security Integration Forms Strategic Partnership With TetherView**

*Wilmington, NC, June 16, 2017* — Cyber Security Integration (CSI) has formed a strategic partnership with TetherView.

TetherView provides custom, secure private cloud solutions for any size business and across all industries. “In fact, we are now using their platform for our own internal network,” states Larry Blumenfeld, President of CSI. “The rationale behind the partnership is the important role IT infrastructure plays in Cyber and Network Security as well as business continuity.”
