To all residents:

We are all painfully aware this will be a challenging pool season. We are proceeding with plans to open, the dates are to be determined (no earlier than June 10) as soon as we know, it will be posted on the signs and on our website.

Please keep checking the **Holleybrooke web page** for information so you will have the correct information.

Attached you will find the 2020 Pool Information Packet. All residents/tenants **MUST** complete the 2020 application. Pool passes **will not** be validated or new passes issued without a completed application. Landlords/property managers must also complete a form in order for tenants to obtain pool passes (separate forms are mailed to the landlord/property manager).

If you have last year's pool passes, it is highly recommended that you mail the passes with a completed application to the address listed above. The 2020 validated passes can be picked up at the pool once we are permitted to open.

We will also schedule a few evenings when you can **DROP OFF** a completed application and your passes to be validated. We will **NOT** be processing them at that time. They will be available for pick up with the lifeguards when we open. We will **NOT** mail them back to you.

Anyone who has never had a pass we will be scheduling times that will be available to take photos once we receive the permission from the Governor to do so. IF you have photos (1x1) or pictures we can crop, you may mail them to the post box (P O Box 1088, Spotsylvania, VA 22553) or drop them off on the dates listed below and we will process them.

At this time, we are not scheduling any parties or swimming lessons for the 2020 season.

As information becomes available, we will post it on the Holleybrooke web site. Please do not rely on other social media sites for this information.

Should you have any questions, please send an email at Holleybrookeva@gmail.com or go to the web site Holleybrooke.org and use the contact us link.

Dates we will be at the Holleybrooke shed for “DROP OFF” only are as follows:

May 27	(Wednesday)	6:30 to 8:00 pm
June 2	(Tuesday)	6:30 to 8:00 pm

Every attempt will be made in order for you to enjoy whatever time we have at the pool.

Thank you for your cooperation and understanding with this situation.
