Permission to release PHI (Personal Health Information)

According to HIPAA guidelines we must have your signature to release any and all medical information. Should you have any testing done in our office, we will need your permission to release your results to anyone other than yourself. This includes your spouse, children, and other medical offices. Please sign below and list all persons whom we have permission to discuss your medical records with. If their name is not listed we will not release any information. As well, we need your permission to leave messages at your home or work with regards to appointments, financial matters or any other business conducted with our office. We apologize for any inconvenience. Please contact our office if there are any changes to this list.
