WWW.LITEBYTES.COM

HERE'S HOW IT WORKS!

- (1) All Lite Bytes members are automatically enrolled in the program.
- (2) Members final reward level is based on total dollars spent at any of our store locations (net of sales tax)
- (3) Sales earned at the store where purchases are made. Purchases made at multiple locations are not combined.
- (4) Earned on **all** purchases starting January 2 - December 24, 2019
- (5) Final earned level will be announced the first week of January 2020. ie: \$17,568 sales = level 6
- (6) Sales are credited only when payment has been received for purchases. Members receive monthly statements via email reflecting the total sales and reward level earned to date. Please note that while we welcome all members who have trade accounts, rewards may only be redeemed on accounts that are in good standing.
- (7) Special quotations are generally excluded unless by prior arrangement, due to exceptionally low margins.
- (8) In the event the award selected is no longer available, we reserve the right to substitute products and services for equal value alternatives. No cash value
- (9) We reserve the right to change or alter any of the rules at any time should it be necessary
