

Children's Program (CP)

When you nurture the kids you empower the families. When you educate the kids you impact the environment now and in the future. The community is a unified network that starts with the children. How we treat our children in our neighborhood directly reflects on what you want the habitat of the community to be.

This program will allow the kids to have fun and to learn through educational projects and games. There will be movie days for the kids under the age of thirteen. There will be a community trick or treat for the kids during that holiday. All the children in the community can come out for scheduled Family, Friends & Fun day. Bring the kids out and have fun!

** On movie day, children must always be accompanied by their parents.

Check the [Calendar](#) page for CP scheduled events.
