Participant Show Information 2017

Introduction: Welcome to the 18th Annual Fizz Ehrler Memorial Turning Back Time Car Show! We look forward to all having a great time and appreciate your support of the event.

To make this a great event for everyone from participants to spectators, sponsors, entertainers and everyone, there are a few guidelines we've laid out for your safety and that of your valuable show car. Following these guidelines will enable us to maximize the number of cars coming in which is growing each year. Thank you for your help with this. Have a great day and enjoy the show!

Show Parking: Parking is first come first serve. If you are part of a group, it is necessary for you all to come in as a group. Some exceptions can be made on a short term temporary basis for one or two however as the numbers of entries entering increases, those unused saved spaces will be filled.

When parking, center your car between the lines where they exist.

For fire and safety regulation compliance the following is essential.

Crosswalks must be left open.
Fire lanes must be observed and kept clear.
If parking on a corner you must be parallel and within 12" of the curb.
Parking in the middle of State St. must be lined up north of the centerline.
Do not block driveway entrances to parking lots.

Registration: Registration opens by 7:00 AM. After parking, head to the Registration Tent on the north side of State St. at the Somonauk St. intersection. Those who are Pre-entered can line up on the right for faster service. All cars parked in the show area must be registered.

Cooking: Because of the possibilities of fallout on the show cars, no cooking is allowed in the show area. There are many local restaurants and food vendors downtown for your culinary delight!

So, thank you for coming and let's all have a great time!

Next Show Date: July 29th, 2018
