We are putting together a book of biographies of people who have lived their lives without many knowing their story. We know these will be heartfelt stories that people would love to read. A posterity recorded.

We will be grouping towns in your area together. There could be 10 or more towns in one book for this inaugural edition and limiting 2 biographies per town.

To make this as easy as possible, we will do all of the design and set up. Submission of the biography can be pen to paper or type written. Not to worry about pronunciation or typos. One picture allowed per story. Colour or Black & White and approximately 2 pages per biography (Type written 8 1/2" x 11" size.)

There is no cost to submit these biographies. Once published, purchase is available at \$24.00 per book which includes all taxes and shipping. Minimum order of two books.

Deadline for the biographies to be included in the book is one month.

The names of the towns that participated will be on the cover of the book.

Before submitting your biography double check the spelling of the person's name. Biographies can also be about people who are no longer with us.
