

Subject: May Club Minutes**Meeting Opening:**

The LRCC Club meeting was held on June 7th 2016 at the Club Field. The meeting was opened up at 7:01 PM by John Vetter.

Attendance:

The meeting was attended by, President: John Vetter, Vice President: Gary Esterle for a total of 9 club members.

Treasurer Jerry Hermes was absent.

The next meeting will be July 5th at the Club field at 7:00 PM.

For new members, the Club Web site is <http://www.lrccky.com>. The newsletter section user id is "charter", password is "num895".

Note the discount after midyear only applies to new members.

Treasurers' Report:

The May Treasurer's report was read by John via text message from Jerry. It was approved as is by the attendees.

Petty Cash

Starting balance: \$ 274

Ending Balance: \$286

Savings

Starting balance: \$5,273.40

Ending Balance: \$5,234.54

We currently have 12 Life, 7 Youth, and 73 paid members.

Prior Months Meeting Minutes:

The May minutes were read by Bruce as provided. They were approved as read.

Key Dates:

June 18th, Monthly Fun Fly

July 5th Club Meeting

July 16th, Monthly Fun Fly

August 2nd Club Meeting

August 20th, Monthly Fun Fly

Old Business:

* Flynn Brothers have not contacted Gary for a roof date. Gary suspects with all the rain that they are running behind. Weather permitting; we hope to have this done in a few weeks.

* Someone applied cold patch on the road leading to the airfield gate. The road's pot holes are much improved.

* John, our President and Webmaster, reported that the web site has been completely rebuilt. A huge Thank You goes out to John for all the hard work done to recover the website.

New Business:

* An AMA Email Article was mentioned at the meeting that went out to AMA membership that noted how AMA would be working with communities to establish Drone Zones.

This is just forwarded as an awareness for the club that may not be subscribed to the AMA emails..

Academy of Model Aeronautics Member Communication

Tuesday, June 07, 2016

Hello, AMA club officers!

AMA is pleased to announce a new initiative to make city and town officials aware of AMA clubs and members in their communities. The program will show community leaders how partnering with an AMA club can help resolve concerns that they might have about model aircraft and drones.

With all of the publicity about drones invading airspace and threatening air travel safety, cities and towns are looking to create local laws and ordinances that could restrict or outlaw model aircraft activity. Although local government may be trying to ensure the safety of its constituents, poorly written laws often create unintended problems for modelers.

AMA feels that a better approach is to advise local cities and towns to work with AMA clubs to create model flying sites, or "drone zones." We use the word drone because it is the buzzword that is being used by government officials.

By creating an AMA flying site, local leaders can point to a safe place for model activity, including the flying of multirotors. As most of us know, if someone is flying a model aircraft (especially a multirotor) and is asked by a police officer to stop, he or she will likely find another place to fly. It would be better if the police officer could point him or her to a flying site where the activity is allowed.

This is much like what happened with skateboarding. Skate parks were created in communities so that the activity could be done safely, in dedicated locations. Creating drone zones can be the answer to a similar concern with multirotors, especially when AMA clubs work with cities and towns to create such spaces and

help teach safe flying.

AMA Headquarters will be sending information in the next few days to thousands of cities and towns across the country. In this information, municipalities will be asked to contact AMA Headquarters. AMA will assist these community officials and we may contact you about this happening in your area. We hope that you will be willing to help. If you are already working with your local city or town government officials, they might contact you directly.

Check out the postcard we are mailing below.

We will also follow up with the municipalities through email.

Reminder - AMA Cards must be displayed one's persons while flying at the field, with the club sticker. There are card sleeves in the Club house in the file cabinet second drawer for members to use to pin or clip on. This helps verify AMA insurance and club membership. Thanks you for your compliance.

Reminding all Club members that Guest can fly three separate occasions before being required to join to fly as a club member.

Club Merchandise:

Jerry has the club merchandise for sale at every meeting. If you have specific requests, contact John. Great prices hats, \$12, shirts \$12 to \$16 depending on size.
