Dear Ms. Darner,

Thank you for writing Rep. Kotek to voice your concerns about male infant circumcision. Your email is well-argued and well-researched and it is clear that you are very passionate about this issue. I will be sure that Rep. Kotek sees your information. Rep. Kotek's office will look into issue of male infant circumcision for the 2009 session, however, your advocacy would be most effective if you worked closely with your state legislators, Sen. Alan Bates and Rep. Sal Esquivel.

Thank you for your advocacy.

Best regards,  
Nellie
