

Pack of Hope

Pack of Hope is a ministry that allows us to partner with the Child Protective Services office in our county. When children are taken from their home or moved to another home, they often get to take the clothes they have on, or whatever can be shoved in a trash bag on the way out the door. These packs will bring comfort to children in our county, meeting both physical and emotional needs.

Pack of Hope allows the worker to grab an age-appropriate bag filled with basic essentials and deliver it to the child as they are being taken to the new placement. This will meet needs for both the child and the foster parents, and help the transition happen more smoothly.

What a way to share the love of Jesus!
