2. **Election to Inspect.** If an inspection is requested, the Association shall send written notice to the Owner or the Owner's Representative of dates during normal business hours that the Owner or the Owner's Representative may inspect the requested books and records. Such written notice shall be sent on or before the tenth (10th) business day after the date the

Association receives the request, unless the Association sends a notice to the Owner or Owner's Representative in accordance with Section 4 below.

3. **Election to Obtain Copies.** If copies of the identified books and records are requested, the Association shall produce copies of the requested books and records on or before the tenth (10th) business day after the date the Association receives the request, unless the Association sends a notice to the Owner or Owner's Representative in accordance with Section 4.

4. **Inability to Produce Records Within 10 Days.** If the Association is unable to produce requested books and records on or before the tenth (10th) business day after the date the Association receives the request, the Association shall provide written notice to the Owner or the Owner's Representative that:

**PAYMENT PLAN POLICY
FOR
MEADOWLAKE VILLAGE HOMEOWNERS ASSOCIATION, INC.**

THE STATE OF TEXAS §
 §
COUNTY OF HARRIS §

I, Shelia Crianza, President of Meadowlake Village Homeowners Association, Inc. (the "Association"), certify that at a meeting of the Board of Directors of the Association (the "Board") duly called and held on the 9th day of January, 2012, with at least a quorum of the Board members being present and remaining throughout, and being duly authorized to transact business, the following Payment Plan Policy was duly approved by a majority vote of the members of the Board:

RECITALS:

1. Chapter 209 of the Texas Property Code was amended to add Section 209.0062 to require property owners' associations to adopt reasonable guidelines to establish an alternative payment schedule by which an Owner may make partial payments for delinquent regular or special assessments or any other amount owed to the Association without accruing additional monetary penalties.
2. The new law relating to alternative payment schedules (i.e., payment plans) becomes effective on January 1, 2012.
3. The Board of Directors of the Association desires to adopt a payment plan policy consistent with the provisions of Section 209.0062 of the Texas Property Code.

POLICY:

It is the policy of the Association to provide an alternative payment schedule by which an Owner may make payments to the Association for delinquent regular or special assessments or other amounts owed to the Association without accruing additional monetary penalties, as follows:

1. **Applicability.** This policy only applies to delinquent regular assessments, special assessments or other amounts owed the Association prior to the debt being turned over to a "collection agent" as that term is defined by Section 209.0064 of the Texas Property Code.
2. **Term.** The term for a payment plan offered by the Association shall be a maximum of six (6) months, unless otherwise approved by the Board, with the payments being in equal monthly amounts over the duration of the payment plan period.
3. **Payment Plan Agreement.** The Owner shall be obligated to execute a payment plan agreement ("Payment Plan Agreement") which sets forth the total amount to be paid, the term of the payment plan, the due date for and amount of each payment, and the address to which payments are to be mailed or delivered. A payment plan shall not be effective until the Owner executes the required Payment Plan Agreement.

4. **Sums Included in Plan.** The payment plan shall include all delinquent regular and/or special assessments and other sums owed to the Association as of the effective date of the Payment Plan Agreement. The payment plan shall not include any assessments which have not become due and payable to the Association as of the effective date of the Payment Plan Agreement. The Payment Plan Agreement shall provide that any assessments or other valid charges that become due and payable to the Association per the dedicatory instruments of the Association during the term of the payment plan must be paid in a timely manner.

5. **Grace Period.** There will be a grace period of three (3) business days from the due date for a payment. If a payment is not received at the address set forth in the Payment Plan Agreement by the close of business on the third (3rd) business day following the date on which the payment is due, the Owner shall be deemed to be in default of the Payment Plan Agreement.

6. **Administrative Costs and Interest.** The Association shall add to the delinquent assessments and other amounts owed to the Association to be paid in accordance with the Payment Plan Agreement reasonable costs for administering the payment plan, as follows: \$10.00 for the preparation of a Payment Plan Agreement and \$5.00 per payment for receiving, documenting and processing each payment. During the term of the payment plan, interest shall continue to accrue on delinquent assessments at the rate provided in the applicable Declaration of Covenants, Conditions and Restrictions for Meadow Lake.

7. **Monthly Penalties.** During the term of the payment plan, the Association shall not impose any monetary penalties with respect to the delinquent assessments and other charges included in the payment plan, except as provided in Section 6. Monetary penalties include late charges and fees otherwise charged by the management company and/or Association and added to the Owner's account as a result of the account being delinquent, if any.

8. **Default.** If an Owner fails to make a payment to the Association by the end of the grace period applicable to the due date for that payment, the Owner shall be in default of the Payment Plan Agreement, at which point the Payment Plan Agreement shall automatically become void. The Association may notify the Owner that the Payment Plan Agreement is void as a result of the Owner's default, but notice to the Owner shall not be a prerequisite for the Payment Plan Agreement to become void. If the Association receives a payment after the expiration of the grace period and before the Association notifies the Owner that the Payment Plan Agreement is void, the Association may accept the payment and apply it to the Owner's account. The acceptance of a payment made by an Owner after the Payment Plan Agreement has become void shall not reinstate the Payment Plan Agreement.

9. **Owners Not Eligible for a Payment Plan.** The Association is not required to enter into a payment plan with an Owner who failed to honor the terms of a previous payment plan during the two (2) years following the Owner's default under the previous payment plan.

I hereby certify that I am the duly elected, qualified and acting President of the Association and that the foregoing Payment Plan Policy was approved by a majority vote of the Board of Directors as set forth above and now appears in the books and records of the Association, to be effective upon recording in the Official Public Records of Real Property of Harris County, Texas.

**GUIDELINES RELATING TO RAIN BARRELS AND RAIN HARVESTING SYSTEMS,
SOLAR ENERGY DEVICES, STORM AND ENERGY EFFICIENT SHINGLES,
FLAGS, AND RELIGIOUS ITEMS**

for

MEADOWLAKE VILLAGE HOMEOWNERS ASSOCIATION, INC.

THE STATE OF TEXAS §
 §
COUNTY OF HARRIS §

I, Shelia Crianza, President of Meadowlake Village Homeowners Association, Inc. (the "Association"), do hereby certify that at a joint meeting of the Board of Directors of the Association (the "Board") and the Association's Architectural Control Committee ("ACC") duly called and held on the 9th day of January, 2012, with at least a quorum of the Board and ACC being present and remaining throughout, and being duly authorized to transact business, the following "Guidelines Relating to Rain Barrels and Rain Harvesting Systems, Solar Energy Devices, Storm and Energy Efficient Shingles, Flags, and Religious Items" was duly approved by a majority vote of the members of both the Board and ACC in attendance:

RECITALS:

1. Chapter 202 of the Texas Property Code was amended to add sections relating to rain barrels and rain harvesting systems, solar energy devices, storm and energy efficient shingles, flags, and religious items.

2. The amendments relating to solar energy devices, storm and energy efficient shingles, flags and religious items became effective on June 17, 2011 and the amendments relating to rain barrels and rain harvesting systems became effective on September 1, 2011.

3. The Board of Directors of the Association and the Association's Architectural Control Committee desires to adopt guidelines relating to rain barrels and rain harvesting systems, solar energy devices, storm and energy efficient shingles, flags, and religious items consistent with the applicable provisions in Chapter 202 of the Texas Property Code.

GUIDELINES:

Section 1. **Definitions.** Capitalized terms used in these Guidelines have the following meanings:

- 1.1. **ACC** - The Architectural Control Committee for Meadowlake Village Homeowners Association, Inc. as identified in the Declaration.
- 1.2. **Declaration** - Collectively, the Declaration of Covenants, Conditions and Restrictions for each section of Meadow Lake, recorded in the Official Public Records of Real Property of Harris County, Texas, as amended and supplemented.
- 1.3. **Dedicatory Instrument (or dedicatory instrument)** - Each document governing the establishment, maintenance or operation of the properties within Meadow Lake, as more particularly defined in Section 202.001 of the Texas Property Code.

- 1.4. **Guidelines** - These Guidelines Relating to Rain Barrels and Rain Harvesting Systems, Solar Energy Devices, Storm and Energy Efficient Shingles, Flags, and Religious Items for Meadowlake Village Homeowners Association, Inc.
- 1.5. **Meadow Lake** - The residential development located in Harris County, Texas comprised of Meadow Lake, Sections One (1), Two (2), Three (3), Five (5), Six (6), and Seven (7).

Other capitalized terms used in these Guidelines have the same meanings as that ascribed to them in the Declaration.

Section 2. Rain Barrels and Rain Harvesting Systems. Section 202.007 of the Texas Property Code provides that a property owners' association may not enforce a provision in a dedicatory instrument that prohibits or restricts a property Owner from installing rain barrels or a rain harvesting system on the property Owner's Lot. However, Section 202.007 of the Texas Property Code further provides that a property owners' association is not required to permit a rain barrel or rainwater harvesting system to be installed on a Lot in particular circumstances or restricted from regulating rain barrels and rain harvesting devices in specified manners.

The following Guidelines shall be applicable to rain barrels and rain harvesting systems in Meadow Lake:

- 2.1. **ACC Approval.** In order to confirm the proposed rain barrel or rain harvesting device is in compliance with these Guidelines, Owners are encouraged to apply to the ACC for prior approval. The Association may require an Owner to remove a rain barrel or rain harvesting device that does not comply with requirements of these Guidelines.
- 2.2. **Location.** A rain barrel or rain harvesting system is not permitted on a Lot between the front of the residential dwelling on the Lot and an adjacent street.
- 2.3. **Color and Display.** A rain barrel or rain harvesting system is not permitted:
 - a. unless the color of the rain barrel or rain harvesting system is consistent with the color scheme of the residential dwelling on the Owner's Lot; or
 - b. if the rain barrel or rain harvesting system displays any language or other content that is not typically displayed by the rain barrel or rain harvesting system as it is manufactured.
- 2.4. **Regulations if Visible.** If a rain barrel or rain harvesting system is located on the side of the residential dwelling on the Lot or at any other location on the Lot that is visible from a street, another Lot, or a Common Area, the rain barrel or rain harvesting system must comply with the following regulations:
 - a. Rain Barrel:
 - (i) Size: A maximum height of forty-two (42) inches and a maximum capacity of fifty (50) gallons.
 - (ii) Type: A rain barrel that has the appearance of an authentic barrel and is either entirely round or has a flat back to fit flush against

a wall. A rain barrel must have a manufactured top or cap to prevent or deter the breeding of mosquitoes.

- (iii) **Materials:** Wood, metal, polyethylene or plastic resin designed to look like an authentic barrel in brown or other earthtone color.
 - (iv) **Screening:** The rain barrel must be screened with evergreen landscaping to minimize its visibility from a street, another Lot, and Common Area, unless otherwise approved in writing by the ACC.
 - (v) **Downspout:** The downspout which provides water to the rain barrel must be the same color and material as the gutters on the residential dwelling. Further, the downspout must be vertical and attached to the wall against which the rain barrel is located.
- b. **Rain Harvesting System:** A rain harvesting system must collect and store the water underground. The portion of a rain harvesting system that is above-ground must appear to be a landscape or water feature. The above-ground portion of the rain harvesting system shall not extend above the surface of the ground by more than thirty-six (36) inches. The above-ground portion of the rain harvesting system must be screened with evergreen landscaping to minimize visibility from a street, another Lot, and Common Area, unless otherwise approved in writing by the ACC.

Provided that, the regulations in this Section 2.4 shall be applicable only to the extent that they do not prohibit the economic installation of the rain barrel or rain harvesting system on the Lot and there is a reasonably sufficient area on the Lot in which to install the rain barrel or rain harvesting system.

Section 3. Solar Energy Devices. Section 202.010 of the Texas Property Code provides that a property owners' association may not enforce a provision in a dedicatory instrument that prohibits or restricts a property Owner from installing a solar energy device except as otherwise provided therein. As used in Section 202.010 of the Texas Property Code, "solar energy device" has the meaning assigned by Section 171.107 of the Tax Code, which defines the term as "a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power by collecting and transferring solar generated power". The term includes a mechanical or chemical device that has the ability to store solar-generated energy for use in heating or cooling or in the production of power.

The following Guidelines shall be applicable to solar energy devices in Meadow Lake:

- 3.1. ACC Approval.** The installation of a solar energy device requires the prior written approval of the ACC. Provided that, the ACC may not withhold approval if these Guidelines are met or exceeded, unless the ACC determines in writing that placement of the device as proposed constitutes a condition that substantially interferes with the use and enjoyment of land by causing unreasonable discomfort or annoyance to persons of ordinary sensibilities. The written approval of the proposed placement of the device by all Owners of property adjoining the Lot in question constitutes prima facie evidence that substantial interference does not exist.

- 3.2. **Location.** A solar energy device is not permitted anywhere on a Lot except on the roof of the residential dwelling or other permitted structure on the Lot or in a fenced yard or patio within the Lot.
- 3.3. **Devices Mounted on a Roof.** A solar energy device mounted on the roof of the residential dwelling or other permitted structure on a Lot:
- a. shall not extend higher than or beyond the roofline;
 - b. shall conform to the slope of the roof and have a top edge that is parallel to the roofline;
 - c. shall have frames, support brackets and/or visible piping or wiring that are silver, bronze or black tone, as commonly available in the marketplace; and
 - d. shall be located on the roof as designated by the ACC unless an alternate location increases the estimated annual energy production of the device by more than ten percent (10%) above the energy production of the device if located in the area designated by the ACC. For determining estimated annual energy production, the parties shall use a publicly available modeling tool provided by the National Renewable Energy Laboratory.
- 3.4. **Visibility.** A solar energy device located in a fenced yard or patio shall not be taller than or extend above the fence enclosing the yard or patio.
- 3.5. **Warranties.** A solar energy device shall not be installed on a Lot in a manner that voids material warranties.
- 3.6. **Limitations.** A solar energy device is not permitted on a Lot if, as adjudicated by a court, it threatens the public health or safety or violates a law.

Section 4. Storm and Energy Efficient Shingles. Section 202.011 of the Texas Property Code provides that a property owners' association may not enforce a provision in a dedicatory instrument that prohibits or restricts a property Owner from installing shingles that:

- a. are designed to:
 - (i) be wind and hail resistant;
 - (ii) provide heating and cooling efficiencies greater than those provided by customary composition shingles; or
 - (iii) provide solar generation capabilities; and
- b. when installed:
 - (i) resemble the shingles used or otherwise authorized for use on property in the subdivision;
 - (ii) are more durable than and are of equal or superior quality to the shingles described below; and
 - (iii) match the aesthetics of the property surrounding the Owner's property.

The following Guidelines shall be applicable to flagpoles and the three (3) types of flags listed in Section 202.011 of the Texas Property Code:

- 5.1. **ACC Approval.** A flagpole that does not comply with all setbacks, above-ground flagpole stands and/or footings, and illumination under Section 5.6 must be approved by the ACC. Additionally, in order to confirm a proposed flagpole otherwise conforms to the following standards, Owners are encouraged to apply to the ACC for prior approval. The Association may require an Owner to remove flagpoles, flagpole footings, or flags that do not comply with these Guidelines.
- 5.2. **Flag of the United States.** The flag of the United States must be displayed in accordance with applicable provisions of 4 U.S.C. Sections 5-10, which address, among other things, the time and occasions for display, the position and manner of display, and respect for the flag.
- 5.3. **Flag of the State of Texas.** The flag of the State of Texas must be displayed in accordance with applicable provisions of Chapter 3100 of the Texas Government Code, which address, among other things, the orientation of the flag on a flagpole or flagstaff, the display of the flag with the flag of the United States, and the display of the flag outdoors.
- 5.4. **Flagpoles.**
- a. Not more than one (1) freestanding flagpole or flagpole attached to the residential dwelling or garage (on a permanent or temporary basis) is permitted on a Lot.
 - b. A freestanding flagpole shall not exceed twenty (20) feet in height, measured from the ground to the highest point of the flagpole.
 - c. A flagpole attached to the residential dwelling or garage shall not exceed six (6) feet in length.
 - d. A flagpole, whether freestanding or attached to the residential dwelling or garage, must be constructed of permanent, long-lasting materials with a

finish appropriate to materials used in the construction of the flagpole and harmonious with the residential dwelling on the Lot on which it is located.

- e. A flagpole shall not be located in an easement or encroach into an easement.
- f. A freestanding flagpole shall not be located nearer to a property line of the Lot than the applicable setbacks as either shown on the recorded plat or as set forth in the Declaration. Provided, with the prior written approval of the ACC, a freestanding flagpole may be located up to five feet (5') in front of the front building setback line for a Lot. Any above-ground stands and/or footings also require the prior written approval of the ACC in accordance with Section 5.1.
- g. A flagpole must be maintained in good condition; a deteriorated or structurally unsafe flagpole must be repaired, replaced or removed.
- h. An Owner is prohibited from locating a flagpole on property owned or maintained by the Association.
- i. A freestanding flagpole must be installed in accordance with the manufacturer's guidelines and specifications.
- j. If the footing and/or stand for a freestanding flagpole extends above the surface of the ground, the ACC may require the installation of landscaping to screen the stand and/or footing from view.

- 5.6. Illumination.** Illumination of a flag is permitted but the lighting must be in-ground and have a maximum of 150 watts. High intensity lighting such as mercury vapor, high pressure sodium, or metal halide is not permitted. The lighting is required to be compatible with exterior lighting within the subdivision and appropriate for a residential neighborhood. Lighting used to illuminate a flag shall be positioned in a manner so that the lighting is not directed toward an adjacent Lot or a street adjacent to the Lot and does not otherwise unreasonably affect an adjacent Lot.

- 5.7. **Noise.** An external halyard on a flagpole is required to be securely affixed to the flagpole so that it is not moved by the wind and thereby permitted to clang against the flagpole.

Section 6. Religious Items. Section 202.018 of the Texas Property Code provides that a property owners' association may not enforce or adopt a restrictive covenant that prohibits a property Owner or resident from displaying or affixing on the entry to the Owner's or resident's dwelling one or more religious items, the display of which is motivated by the Owner's or resident's sincere religious belief, except as otherwise provided therein. Section 202.001(4) of the Texas Property Code defines "restrictive covenant" to mean any covenant, condition, or restriction contained in a dedicatory instrument.

The following Guidelines shall be applicable to the display of religious items in Meadow Lake :

- 6.3. **Size.** The religious item(s), individually or in combination with each other religious item displayed or affixed on the entry door or door frame, shall not have a total size of greater than twenty-five (25) square inches.
- 6.4. **Content.** A religious item shall not contain language, graphics, or any display that is patently offensive to persons of ordinary sensibilities.
- 6.5. **Limitation.** A religious item shall not be displayed or affixed on an entry door or door frame if it threatens the public health or safety or violates a law.
- 6.6. **Color of Entry Door and Door Frame.** An Owner or resident is not permitted to use a color for an entry door or door frame of the Owner's or resident's residential dwelling or change the color of an entry door or door frame that is not authorized by the ACC.
- 6.7. **Other.** Notwithstanding the above provisions: (i) the ACC shall have the authority to allow a religious statue, such as by way of example and not in limitation, a statue of St. Francis of Assisi or other religious item in a landscape bed or other portion of a Lot, and (ii) these Guidelines shall not prohibit or apply to temporary seasonal decorations related to religious holidays as otherwise permitted in Meadow Lake.
