Bristol's Farm Market is proud to offer a Market Share program again this season. Market shares allow you the option of picking out what you like from the farm stand whenever you want it. They help us to defray preseason start up costs and ensure we have the best local produce available this year.

Market Share Fees

By selling membership in advance of the growing season, it reduces the burden of up-front costs for the farmer. Your membership fees provide us with money to purchase seed and equipment before the season starts, and we appreciate your commitment.

Market Shares are sold in \$90 increments, and every share is worth \$100 during the season, that's a 10% discount all season long. In addition if you buy 5 shares at once, you take an extra \$10 off. That's only \$440 for \$500 worth of produce and farm goods throughout the season. Market shares can be redeemed any time Bristol's Farm Market is open.

Payment is due no later than May 15th and may be mailed. Market shares are limited and offered on a first come first served basis.
