Afterschool Stage Stars
Fabulous Fables

No previous acting experience is necessary. The children will act in short skits and play theater games. The theme for the short skits this session is fables. Every student will play one lead role per session. The theater games help the students use their creativity to communicate and improvise. The students will learn theater terms, the parts of a skit and goals of the characters. Each child will receive a participation award on the last day of the session. The skits will also be performed on the last day and the parents are invited to attend!
