

METROLINK

SECURITY INTEGRATION

Local Northwest Company

Residential & Commercial

Puget Sounds Security Specialist

Freedom from Long Term Contracts

Our agreement with our customers is usually 24-months or less.

Advanced Monitoring

Our monitoring station is active 24 hours a day, 7 days a week, 365 days a year and has a TRIPPLE telecom backbone for fast, reliable emergency notification.

You Own Your System

We don't lease systems. Everything that we install in your home is yours.

Free Consultation

We are always happy to come out and meet our neighbors to perform a consultation. Your security needs can best be analyzed at your home.

Switching is Easy

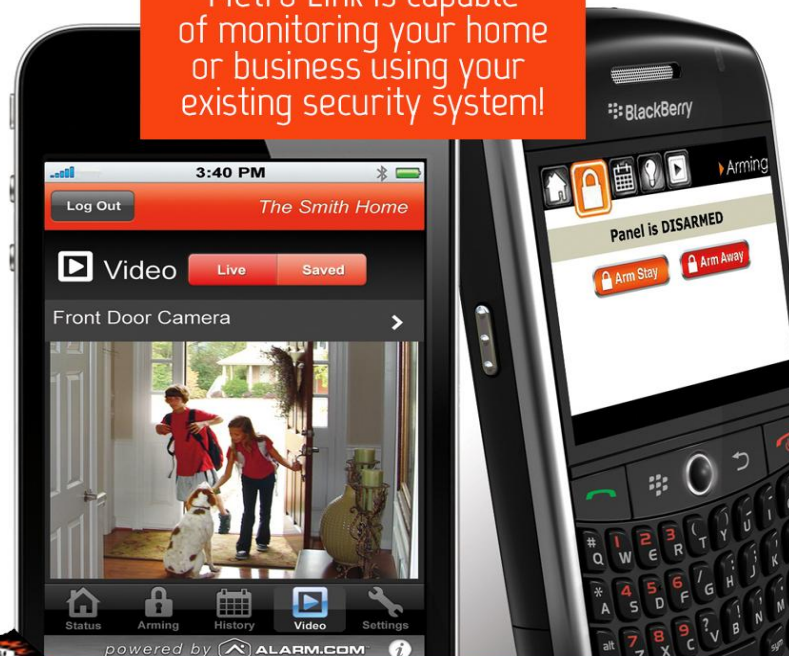

If you already have a system and would like to change to Metro Link for your monitoring service, the process is a simple and inexpensive.

Insurance Cost Reduction

Many insurance companies offer a discount for their clients that have monitored burglar and fire systems. Ask your insurance agent for details.
