Check us out on Facebook!

We will continue to send out newsletters regularly but you can also find updates and other important info on our Facebook page ... Cloverdale Skating Club

Parents must remain at the rink

Reminder that all skaters need to have a responsible adult in the rink while they are on the ice. In the unfortunate event that a skater is injured, coaches cannot leave the other skaters. Please be sure to stay near by while your child is skating; if you must leave, you are required to designate another parent and to ensure that your skater knows who to go to should they need help off the ice.

Fundraising...

If you speak a **second language** and would be willing to help translate between coaches and parents who may be new to English or just struggling to keep up with all our communication we are looking for YOU!

Please email cloverdalesc.communications@gmail.com and specify your language.

Right now we are particularly in need of **Mandarin/ Cantonese** speakers but we would like to put a list together of people with any languages who are willing to help and of course this would count towards your volunteer hours for those of us with volunteer commitments.
