

Rich Chofey JR's 1968 Firebird

The Build

Rich Chofey JR's 1968 Firebird

Rich purchased this 1968 Firebird in January, 2012.

Rich said he nearly snapped his Mom's neck, so he changed the rear end gears from 5.88 to 3.73. The car was originally set up for drag racing.

The engine is an Edelbrock 350 crate engine, 435 HP and 435 Ft. Lbs. Torque.

Like any real car guy, Rich says the car is a work in progress.

Great Car!

Rich's car at Steamtown Mall (left), Vince Pizza Cruise (below left), and at the Gino Merli Center (below).
