

Rochelle Dietz

Co-founder

Rochelle Dietz is the co-founder of HCFC. She has a deep and abiding appreciation for the art of teaching children. For four years she put her heart and soul into the growth and development of our farm-based education programs.

Currently a full-time grades teacher at the Susquehanna Waldorf School, she enjoys bringing her students for field trips to the farm, and is always excited to be a guest teacher at HCFC when her schedule permits.

During the summer months she helps her husband, Dave, with their family's farming business – Dietz Produce located in York County.
