Act 175: Vermont's Construction & Demolition Disposal Law

The Act 175 is meant to reduce waste in landfills and increase the amount of materials recovered from construction sites. If **ALL** of the following conditions apply to your project, then the law requires that you reuse or recycle construction & demolition materials. They cannot be sent to a landfill.

- Project is within 20 miles of a facility that will recycle C&D materials.
- Project is a commercial building or is a residential building with two or more units.
- Project will generate any of the following: drywall, metal, asphalt shingles, clean wood, plywood, OSB
- Project will fill one or more 40 cubic yard containers of the materials listed above.
