Cost: \$40 participation fee per family (regardless of # of dancers or # of shows)

- Includes costume accessory rental, no ticket purchase required to attend
- Participation fee will be charged with November billing, please stop by the desk if your family is unable to participate and the receptionist on duty will remove the charge.

Costuming: Each female dancer will need to provide their own SOLID black leotard along with a pair of tan dance tights, unless your child's instructor sends home a note requesting otherwise. Those who will need something different (possibly black leggings, jeans, etc.) will be notified by 11/1/18. We understand that many have these items already, so we are not requiring each of you to purchase to avoid unnecessary cost. We have a small selection of black leotards for sale at the studio and will also have tan tights on hand to sell to those who need them as well. All female performers in Twinkle, Sparkle, or Shooting Star dance classes will need to wear their hair half up (curls preferred, but not required). Girls in Superstar, Rockstar, or Teen classes will need to wear a secure high ponytail. Males dancers will be instructed what to wear, hair should be styled unless they have a hat for their costume. Each performer will be provided with an accessory from our Costume Closet to wear with the item(s) you provide to also help save on cost. These items will be distributed at the end class the week of December 10th and will be each parent's responsibility to transport to the event and return to the studio in it's original packaging and condition the week of December 17th following the show. If your item is not returned in it's original condition or at all, your account will be charged \$25 per class and your child will not be permitted to take class until the items are received or the fee is paid.

* Please Note... 1) There will be no dress rehearsal for this event. 2) This is a trial year for this venue, if collectively we decide we would rather splurge for the theater again next year, we can always go back. ☺
