Tulsa Postcard Show Report – Russell and Hal traveled to Tulsa, OK in February to check this show out. It is held in association with the Vintage Tulsa Antique Show. Lots to see at this show with 11 postcard dealers from Texas and Oklahoma set up there and lots of antique dealers.

There was also a flea market going on in another building next door as well as a HUGE car show in the main exhibit hall on the Tulsa Expo Square grounds. Both of us found postcards to buy as well as other things at the antique & postcard show. Russell also bought a few things at the flea market Saturday morning. Lots to see and peruse at the flea market too. It was a fun trip. One interesting note, we saw more road construction in Oklahoma, including Tulsa, than any road trip in recent memory.
