

Wakefield Forest Coding Club—Fall 2018

Sponsored by the Wakefield Forest PTA

In Silver Knights Coding classes, children create stories, games, and animations using a visual programming language called Scratch. It's as easy to use as snapping together building blocks! Projects like mazes and platform games make learning logic, coding, and animation fun and creative! Our curriculum teaches new coders the basics while challenging more experienced coders to create increasingly complex programs. We do different projects every session, so material doesn't repeat. Each child takes home a USB with all their programs on the last day!

REGISTRATION

To register or for more information, go to:
