

ART LIT

***POSITIONS AVAILABLE! IS IT!**

What is Art Literacy at Tualatin Elementary?

The Art Literacy Program brings art appreciation into every elementary classroom through presentations by volunteer educators who teach art history, introduce works of art by the noted grand masters, and instill the basic disciplines of art education that help students be successful in art production.

What is required to volunteer?

Time...no more than 15 hours for the school year...we have 5 projects this year...each project is two part...you learn it...then you teach it, generally for your own child(ren)'s class(es). We will provide all of the instruction, supplies, handouts...everything...and no you don't need to be artistically inclined to do this! Our ask; punctuality (time management on project completion and display), a positive attitude, respect of others and a desire to help our children learn! AND, let's not forget to mention....it's fun too!

Do you have to do this alone?

Absolutely not...find a buddy or two and job share! The more energy and creativity...the better!

Have more questions and not ready to sign-up blindly like we did last year?

Not a problem! Please feel free to email us at Tualartlit@gmail.com (our names are Kimberley Andress and Natalie Hess) or you can Like and Follow us on Facebook @ Tualatin Elementary Art Lit. Additionally...really have questions? Want to have a face to face conversation in an informal setting with no obligation? Please join us at Ibach Park on September the 17th at 3:00 PM for Apps and Art Lit...we will have yummy eats and drinks and will happily answer any questions that you may have...no pressure.
