Choose Fabrics: (Wall hanging approx. size 40" x 40")

You will need NINE different fabrics, four in one color family (A), and four in a contrasting color family (B), and one that will stand out against all the others (C). ***In this pattern ¼ yard is NOT the same as one fat quarter. If you are using fat quarters, you will need TWO of each:***

Color A (Teal blue in sample quilt)

A1:	Light or medium light	¼ yard (or 2 FQ)
A2:	Light or medium light	¼ yard "
A3:	Dark or medium dark	¼ yard "
A4:	Dark or medium dark	¼ yard "

Color B (Rusty orange in sample quilt)

B1:	Light or medium light	¼ yard "
B2:	Light or medium light	¼ yard "
B3:	Dark or medium dark	¼ yard "
B4:	Dark or medium dark	¼ yard "

Color C

C	Background	1 yard (includes enough for a narrow border) For binding in C, purchase an extra ½ yard.
---	------------	---

A and B fabrics can be large or medium-scale prints, but ***avoid directional prints and small-scale prints with a regular, orderly pattern.*** For more depth and interest, choose some A fabrics that contain a little of color B and/or some B fabrics that contain a little of color A. Fabric C should contrast sharply in value from your A and B fabrics (much darker or much lighter). It should read as solid. ***We will spend time at the beginning of class going over fabric selection. That's why I'm having you precut only ONE square of each fabric. We will cut out the first block and "audition" your fabrics. Bring extra fabrics from your stash that you think might work as substitutes.***

Prepare:

- Pre-wash (optional), dry and press all fabrics.
- Put new needle in machine.
- Wind two bobbins.

Cut Fabrics:

Cut one 8" square from each fabric A1, A2, A3, A4, B1, B2, B3, and B4.

Cut one 2½" strip C. Cut the strip into 2½" squares.

The remainder of the cutting will be done later. Bring all fabrics to class.

Bring:

- Basic Sewing Supplies: Machine with manual, cutter, mat, **square ruler at least 8"**.
- Medium value, neutral color thread that will blend in with your fabrics.
- Fabrics as described above, including pre-cut pieces **and** leftover fabric.
- "Turbulence" pattern. If you have it, read through it before coming.
