FREEWAY-tram a transport solution

Many cities with 1million+ residents & Freeways have 2 major problems: pollution & rush-hour congestion. Both problems need now not later solutions. The Universe Custodian Guardians have a solution. Freeway-trams! Rail replacing individual-transport & long-haul Big-rig haulage.

E.g. a Freeway has 3 lanes leading to the City-center & 3 lanes leading away from the City-center. 1st remove all cars, trucks & busses from the Freeway. 2nd lay tramway-tracks onto the freeway surface 2 each-ways.

The 2 tracks on the city-bound side (>) of the Freeway are to be used by people-mover trams. 1 track goes to the city & the other goes away from the City. The people-mover trams carry 300 plus commuters, they only stop at every Freeway exit. At the Exit-stops commuters may transfer to a local commuter-shelter &/or Shuttle-Buses.

The 2 tracks on the city-away side (<) of the Freeway are to be used by freight-mover trams. 1 track goes to the city & the other goes away from the City. The freight-mover trams carry semi-trailer sized loads; they only stop at every Freeway exit. At the Exit-stops freight may transfer to a local freight-center & /or Shuttle-Trucks. .

Freeway-Trams are a Provincial CRON operation. Shuttle-Buses & Shuttle-Trucks are a Shire CRON operation.

What about the vehicles that are removed from the Freeway? Cars are a major polluter & have become too expensive to run they are phased out (*wreckers*). Bulk-freight needs to be transported by rail & short-haul freight is transported by Shuttle-trucks. Big-rigs are to be phased out (*wreckers*).

What about Toll-operators ? Toll-operators are Greedy Profiteers; Highway robbery is a punishable crime. MS/R6 Toll-operators have their assets seized & returned to the community without compensation.

All roads belong to all the people!
