

Natalie's Penguins!

Natalie loves to watch the penguins dive into the water.

She is watching 6 penguins standing on the edge of the iceberg.

The penguins like to dive into the icy water.

Roll the dice to find out how many penguins dive into the water.

- Record what happens: $6 - 2$ makes 4 penguins left on the edge of the iceberg.
- Prove it! $6 - 2 =$ because $2 + 4 = 6$
