

THE ORION MAN

LUCIFERIAN ANTHROPOMORPHIC COUNTERFEIT

The purpose of this illustration is to show that not only is the 'Masonic Man' and the *Temple Man* a viable outline portrayed but this form is that of *Orion* also. If the Luciferians have such a layered motif that incorporates the 'Masonic Man' template based on Solomon's Temple and that of an anthropomorphic male form, then surely the extended cryptic layer will also correspond to that of the celestial realm. This is the case as one can also superimpose the constellation lay-lines of the constellation of Orion. This study strongly suggests that the *White House*, the *Washington Monument* and the *Jefferson Memorial* construe the very belt stars of *Orion* as does the plaza at the Vatican. This would be one of the explanation as to why the *Washington Monument* as not placed in perfect alignment with the other 2 structures; such are the 3 stars of *Orion* that are also offset.

As the 'Sun, Moon and the Stars' ORION-PATTERN

With this grandiose supposition, the *Orion* template can be superimposed with a double layer of the *Great Pyramids of Giza* that replicated the *Belt of Orion* but more so approximate *Temple Mount* depictions of the 3 main religious structures. The *Temple Mount* square serves as the 'Altar' that the 3 main books of the Masons in their Synagogues of Satan lodges have placed there. These are the Torah, the Bible and the Koran. They represent largely the main relations of the world, Judaism, Christianity and Islam. Thus, also the buildings correspond with this template. The 'Sun, Moon and the Stars' axiom corresponds to the 'holy books'. The white *Temple* is that of the Jews, the gold *Dome of the Rock* is that of the Muslims and the Moon silver color of the *al-Aqsa mosque* previously was a Templar Church.
