

Hot, swingin, smooth, original, clean, lyrical, faster than a speeding bullet, diatonically chromatic, one of a kind, masterful, the swingiest. Oh yeah, like what? Nat King Cole, Benny Goodman, Louie Jordan, Ben Webster, Sweets Edison, Tiny Moore, Wes Montgomery...that's what!

With 5 Solo CDs under his belt, including the double Grammy nominated 2011 release, “**2 Days Out**,” and the triple Grammy nominated 2016 release “**A Madness To The Method**,” PT Gazell continues to expand the musical boundaries for the harmonica.

Using his own signature model instrument, the ***Gazell Method*** diatonic manufactured by C.A. Seydel Sohne, he proves that the harmonica is capable of much more than what most of us believe.

No other player combines his phrasing, his melodic style, his song choices and his improvisational abilities... his singular style may draw comparisons to others, but in the end, it's a style all his own.

Dig It!
