January 26, 2018

To the Sherburn and Welcome City Councils,

Enclosed is the 2017 Annual Report for the Sherburn/Welcome Police Department. The report will serve as an overview of the activities that the department was involved in over the last year as provide statistics from calls for the year and comparisons to prior years.

Calls for Service

The department logged 1,903 calls for service in 2017. This was down from the record high number of calls set in 2016 at 2,000. .

The types of calls remained relatively unchanged from prior years. The department responded to 730 calls in the City of Sherburn and 993 calls in the City of Welcome. Additionally, the department assisted or responded to 141 calls outside of either city. These would include motorist assists, motor vehicle accidents, traffic stops and serious incidents such as domestics that occurred in county or in Trimont, Dunnell or Ceylon. From a percentage standpoint, approximately 38% of the calls where in Sherburn and 52% were in Welcome with 10% being outside either community. This is the second year that a higher percentage of calls were in Welcome, however, a lot of this stems from Welcome residents and businesses utilizing the security check program that the department offers more frequently.

Response time for the department for the year averaged approximately 5 minutes. This is very low considering that the department covers two communities; however, traffic stops are factored into this number so this skews the average slightly. In any event, I feel the response time for the department is excellent and we will strive to continue this in 2018.

Vehicles

The department logged 56626 miles in 2017. These miles were split between all the department vehicles. Currently the department has a 2013 Police Utility Vehicle, a 2015 Police Utility Vehicle and a 2017 Police Utility Vehicle. The 2011 Crown Victoria was taken out of service in September and replaced with the police utility vehicle. Ford discontinued manufacturing the Crown Victoria which is why the department is transitioning to utilizing Police Utility Vehicles. These vehicles are all-wheel drive which makes getting around during the winter months much easier than the rear-wheel drive Crown Victoria.

Personnel

The department went through a few changes in personnel in 2017. Officer Dylan Post left the department in June, leaving us with a full-time vacancy. Interviews were conducted and Officer Trevor Yochim was hired for the full-time slot in July.

The department added new part-time officers in 2017 including Officer Trevor Yochim who was initially hired part-time and Officer Dayton Asmus. We also hired Officer Jonathan Auringer late in 2017 in a part-time capacity.

Training

The department collectively completed 112 hours of training in 2016. This includes training in areas that are mandated by the P.O.S.T. board such as Use of Force, Firearms qualification and Defensive Tactics as well as O.S.H.A. required training such as Blood-Borne Pathogens and Hazardous Materials training. Much of our training is completed through the use of P.A.T.R.O.L. which is offered through the League of Minnesota Cities; however, there were other trainings

that were completed as well. Officer Jorgensen and Cain attended Street Survival in the May and Officer Smith attend Emergency Vehicle Operations in June.

Department Web-site

The department web-site has been up and running for four years now and we have received a great deal of positive feedback about the site. The department had 28,153 visits to the web-site in 2017. In comparison, the web-site had only 16,385 visits in 2016, so it is clearly getting used more and more. We use the site to keep the communities informed about department activities and I recommend that you visit the site at your convenience. The address is www.sherburnwelcomepolice.org.

The department also has a Facebook page that we utilize regularly to give those that follow us updates such as snow emergencies and road conditions as well as other information as it is warranted. The department makes every effort to keep the citizens as informed as possible and these two tools go a long way in helping us to accomplish this.

Activities

We again conducted many of our regular activities that occur each year. The Bicycle Rodeo was held in June for children living in the school district. It was fairly well attended and a number of gift cards were given out to those children who were present. These gift cards are made possible thanks to the generous donation that is received each year by Truck Writers in Welcome.

We again assisted each community with their city celebrations. Sherburn's was held in June and Welcome's was in July. No major issues occurred during either celebration and both events were considered a success.

As was stated earlier, the house watch program continues to grow in popularity. Over the course of the year, the department conducted 397 house checks for residents that were gone on vacation or who live down South during the winter months. In comparison, the

department conducted 320 house checks during 2015, so the number increased slightly in 2017.

The department conducted our first "Shop with a Cop" program in 2017. This program selects families in need and takes the children shopping for presents for their family. We selected six different families and took a total of 14 children shopping. Officer Nick Smith coordinated the program and several officers helped out with the shopping and wrapping of the gifts. The kids had a memory they won't soon forget and so did the officers. This is an excellent program and we plan to continue this program in 2018.

2018 Projects

The main project the department will look at completing this year is updating the in-car camera systems for the department. We received one grant from the Martin County Area Foundation that will cover the cost of one of the units. We still need to obtain funding to cover the cost of one more and I allowed money in the budget to cover the cost of the third unit. The system we currently have is over years old and the units are repeatedly having problems which require them to be sent in and repaired. Each time they are sent in, it is a minimum of a \$400 expense and the software on the computers is starting to have issues as well, so we are definitely due to change this system.

I still hope to add a couple more part-time officers to the roster since we have had significant turn over in this area again.

The final project is to get some updated photos of the department for the web-site. Our fleet vehicles have changed as well as staff, so I would like to set up new photos to be taken in the spring or summer.

If there are any programs or services that anyone can think of that the department could potentially provide, I welcome the suggestions at any time. It is important to us that we meet and exceed the expectations of the community and are always open to new ways that we can assist the public.

Conclusion

I hope this gives a good idea as to what the department's activities were during 2017. As always, feel free to contact me if you have any questions or concerns. I hope everyone has a great 2018!

Sincerely,

A handwritten signature in black ink, appearing to read 'Brad L. Hughes', with a stylized, cursive script.

Brad L. Hughes
