

Johnson's Labradoodles proudly offers a 3 year health guarantee on every puppy we sell.

How can we offer such an amazing guarantee? Simple!

Our puppies are top-quality puppies that come from historically healthy bloodlines. They are literally treated like kings and queens from the time they are born to the time they arrive in your home.

We know we're selling you a healthy puppy, so why not guarantee it? It's an awesome assurance for you and – more importantly – a great deal for the lifelong health of your puppy!

In order to provide this 3 year health guarantee, we do require that you abide by (and be able to prove) a few requirements, should we ever need to honor this guarantee. To be completely candid, though, these are the things that all pet owners should be doing anyway. We just ask that you maintain records in the unlikely event that the guarantee must be honored.

Here are the rules.

Immediately Upon Receiving Your New Puppy

The purchaser has five working days (not counting weekends or holidays) after receipt of puppy to have the puppy examined by a licensed veterinarian to keep this contract valid. Guarantee will be VOID if the buyer fails to have the puppy examined by a licensed Veterinarian within the allotted time frame stated above.

Please refer to The Sale of Dogs and Cats Notice. Article 35D, Sec. 754. for additional rights as a consumer. A copy will be provided and also posted in my kennel for you to read.

Genetic Defects

A three year replacement guarantee will be given from date of birth, in the event a life threatening genetic defect were to be found or if it were to take the life of your puppy. Upon submitting a claim, a full medical history of the dog must be provided to us, the breeders, for inspection. Any evidence of neglect, abuse or failure to provide basic needs of the puppy (dog) shall void this guarantee.

Food

TLC Whole Life Pet Food must be purchased and given to your puppy/dog during the entire 3 year period.

There is a link on my website to purchase the food or you can sign up for auto shipments with order form in puppy pack. You must use the code **#48244** so that Johnson's Labradoodles and TLC Whole Life Pet Food will know the food sale was for one of our puppies. The web address to use for the TLC Whole Life Pet Food is **www.mytlcpuppy.com use code 48244-1025**

Routine Veterinary Exams / Vaccinations

Yearly vet visits/vaccines are required for this guarantee to be honored and records must be shown for proof. A necropsy must be done on any deceased dog/puppy.

This guarantee is null and void upon any evidence of abuse or neglect, or if the buyer fails to maintain annual check-ups with a qualified veterinarian. Proof of said maintenance must be furnished upon request. This guarantee is non-transferable.

Pet Owners

All puppies are sold as pets and will not be used for breeding. The puppy must be neutered/spayed at 6 month but no later than 12 month of age or the guarantee is voided. The 3 year guarantee is for the Pet owner. If for any reason, you should decide to re-sell, trade, lease or in any other manner, transfer ownership and/or possession of this puppy (dog), you agree that this guarantee is null and void and that the puppy (dog) will only be sold, traded, leased and/or transferred to a "pet home" and that you will guarantee that the puppy (dog) will be spayed/neutered, prior to being sold, traded, leased or transferred. Under no circumstances, shall this puppy be sold, traded, leased or transferred to another breeder.
