

Meet Dalyce Fredette-Percy

CAMDR Provincial Advisor for the province of Manitoba

Dalyce Fredette-Percy has worked in the Perioperative field for the past 41 years. She is currently the Manager of the Operating Room, Post Anesthesia Care Unit, Medical Device Reprocessing Department, Pre Admission Clinic, OR Slating and Same Day Surgery Unit at the Portage District General Hospital in Portage la Prairie, Manitoba.

She began her Perioperative career in 1974 as an Operating Room Technician at the Health Sciences Centre for 10 years. She then entered Nursing school and continued working in the OR after school and on weekends until she graduated from Nursing. She then continued in the Perioperative field in the OR at HSC in Winnipeg. She then became the Manager of Surgical Processes for the MDRD at HSC from 2010-2014, until moving to Portage la Prairie, where she currently works and resides.

Dalyce has been a member of the MDR Regional Working Group for four years and is now a member of the MDR Working Group for Southern Health Santé Sud. She has also been a member of the MDR Advisory Committee. Dalyce continues to be a member of the Regional Planning Committee for the Provincial Conferences/ Workshops for the past four years.

Dalyce continues to be a member of CAMDR and was a committee member on the CAMDR Planning Committee in which Winnipeg hosted the 2014 Inaugural National Conference. Dalyce looks forward to assuming her new role as CAMDR Provincial Advisor for the province of Manitoba.
