

### **Position Description:**

Mental Health Resource Center is seeking a full time **Psychiatric ARNP** in Jacksonville. This position will provide services for the MHRC Comprehensive Services Center (CSC).

The Psychiatric ARNP works with the Outpatient Clinical team to ensure that individuals receiving mental health and medication management services are assessed, monitored and provided with quality care and services. The Outpatient Office assists children, adolescents, and adults.

This is an ideal opportunity for an individual who is dedicated to providing a caring, therapeutic environment for this population and who enjoys working in a team atmosphere.

### **The essential functions of the Psychiatric ARNP include, but are not limited to:**

- Provides diagnosis, medication, therapies, interventions and other approved treatment modalities for assigned caseload; maintains therapeutic environment.
- Assesses patients in psychiatric crisis.
- Ensures each patient has problem-oriented treatment plan with appropriate goals and objectives.
- Ensures that patient is fully informed regarding any medication prescribed and signs the appropriate informed consent paperwork.
- Prescribes medication in accordance with state licensure , protocol, and the MHRC IDP formulary.
- Provides medication education, including side effects. Educates individuals about medication administration issues, notably compliance with prescribed regimen.
- Assists with referrals for additional health related concerns or issues.
- Participates in multidisciplinary treatment team meetings.

### **Position Requirements:**

In order to be considered, a candidate must have a Master's Degree in Nursing and a current ANCC Certification in Psychiatric Nursing

Candidates must have a current ARNP License in the state of Florida.

One year of experience in psychiatric nursing required

One year of experience working with the severely and persistently mentally ill population required

Two years of post-masters clinical experience as an ARNP under the supervision of a physician

The ARNP needs to make sound decisions independently and demonstrate good judgment on a daily basis, including but not limited to recognizing emergencies and life threatening situations and responding appropriately.

Strong communication skills are essential and this individual must be able to interact appropriately with internal and external customers, including patients, families, caregivers, community service providers, supervisory staff and other department professionals.

Each employee contributes to the completeness and confidentiality of clinical records by ensuring documentation, paperwork and system entries meet internal and external guidelines for content, accuracy and timeliness.
