Repairs to our Facility

We were inconvenienced during the second last week of August by having to stop production for 3 days. Repairs and an upgrade to our electrical system were required. The repairs began immediately and were completed as quickly as possible. Our apologies to any of our volunteers who showed up to work, only to learn of the shut-down. Everything is now running as it should.

Shipment to Eastern Europe

Three weeks ago we were able to send 5 tons of soup mix to eastern Europe. This food aid will primarily be distributed to organizations assisting the elderly who are unable to provide for their own needs.

The soup bags leaving our facility, headed for a ship at the coast.
