

Who Are We?

RWM is a wholly owned subsidiary of Piedmont Chemicals Industries, Inc., a Wilson family of businesses founded in 1938. *RWM* is uniquely positioned to offer turn-key, contract/toll manufacturing, packaging and fulfillment services that meet or exceed FDA/USDA/EPA regulations. Utilizing the synthesis capabilities within our family of companies — *Piedmont Chemical Industries, LLC, Ethox Chemicals LLC, and Custom Synthesis, LLC*— *RWM* offers companies complete custom solutions in one organization for any project in the personal care, nutritional supplement, food contact or agricultural markets. With literally centuries of combined experience, our technical, professional, and support staffs will assist you with formulation, product design, packaging options, manufacturing services, and logistics support: moving from the concept stage to delivering the final product to market.
