

So, you bought an AR15? Awesome!
But do you know how to use it? Let us teach you.

Sunday, August 19th from 9:00 am until 1:00 pm

The staff of York Izaak Walton #67 will be holding a clinic for shooters new to the AR15 platform. We will be teaching fundamental safety, and the parts and function of the AR15. Getting you sighted in, shooting at distances from 10 to 200 yards on paper and steel targets, and then you showing you how to field strip, clean, and reassemble your AR. This will be a fun and informative day.

This class is for beginning shooters who own an AR15, or shooters who have experience shooting but are new to this type of firearm.

What you need to bring:

- Your AR15 in .223 or 5.56 (no other calibers are allowed to shoot on our steel)
- At least 2 magazines (we recommend a 20 round mag and two 30 round mags but we can work with anything.)
- At least 300 rounds of ammunition (NO steel core, penetrator, tracers or bimetal jacketed) Regular FMJ is fine. Bring plenty. We're not sure what we'll get into yet.
- Cleaning gear if you have it. (Don't buy anything if you don't)
- A sling if you have one. (Don't buy one if you don't)
- Eye and ear protection.
- Any accessories you want to bring. (We may want to discuss or use them)

We will meet in the big yellow clubhouse ground floor at 9:00 am and we will start on time. No ammo is allowed in the building at any time. Bring your rifle in with bolt locked to the rear, chamber flagged or in a case please. We will check it at the door.

We will provide drinks and lunch.

The fee for this class is \$20 and the number of participants is limited. The first 50 shooters with fee and application returned are in. After that we will start a waiting list. You will receive a confirmation either way.

If you have any questions call Howard at 717-586-5561 or email

howard762@gmail.com

AR15 Clinic Application (return this part with \$20 payment)

Please be brutally honest. It will benefit you. Fill in the blanks with numbers, Xs or words as they apply to you. This is not a test, but it will help us figure out how to group you, and where to start the teaching process.

I have taken my AR to the range about ____ times since I've owned it. (An answer of 0 is fine)

When we went to the range:

___ We were just goofing off

___ We did some quality shooting

___ We sighted in but not much else

___ I felt pretty comfortable by the end of the session, but I'd like to learn more

I've shot about ____ rounds of ammunition. An answer of 0 is fine.

My Rifle has:

___ Iron Sights

___ Red Dot Scope

___ Magnified Scope

I feel like I'm pretty well sighted in to ____ yards. (Please enter 0 if you feel like it is not sighted in at all)

___ I don't know anything about my AR15. (Honesty is the best policy)

I have had someone teach some things about this rifle but:

___ I don't know very much

___ It's been a long time and I feel like a refresher would be good for me

___ I'm not sure they knew what they were talking about

Name: _____

Phone: _____

Email: _____
