

Declaration of Unity

Eleven score and eight years ago, Providence brought together the brightest minds of the age to forge a lasting legacy which, we and our posterity are privileged to call our Constitution. Honoring a millennia of foundational principles of Natural Law, our Founding Fathers developed a republican system of government that has endured for more than two and a quarter centuries.

The northern California counties of Jefferson as a Pledge to Almighty God, do Declare Our Unity with the United States of America and intend with our blood, treasure and sacred honor to remain with the nation we hold most dear.

No seditious actions by elements within California or its separatist legislature will deter us from remaining a strong and ardent people living within the greatest nation ever designed.

For how could we as a free people not wish to remain active participants in our representative form of government. A Republic created not to suppress but to serve the people and bind the government.

As a nation, our sacred documents codified the laws of God to secure man's unalienable rights to Life, Liberty and Property and the ability to protect the same. No man or rogue form of government may ever stake claim to those tenets which have been ordained by Him.

Make known, that one hint of seditious behavior by a self-styled protectorate of an ignorant people, will be met with swift and unrelenting support of our nation. The people of the counties bound together under the name of Jefferson are wholly engaged in remaining one nation under God, indivisible, with Liberty and Justice for all.
