### **UG-199**

White Grease Pencil

\$ 2.05 Ea    12 @ \$ 0.99

## **Needles (All Types)**

### **UN-220-12**

12" Straight Double 3 Square Point Needle

\$ 7.98 Ea    12 @ \$ 6.75

Used for inserting button twine with buttons in cushions or furniture backs, etc. The button is put on the button twine and the two ends are put into the eye of the needle and then pushed through the cushion or backrest from the front side and then tied off from the back side.

### **UN-220-16**

16" Straight Double 3 Square Point Needle

\$ 9.75 Ea    12 @ \$ 8.25

Used for inserting button twine with buttons in cushions or furniture backs, etc. The button is put on the button twine and the two ends are put into the eye of the needle and then pushed through the cushion or backrest from the front side and then tied off from the back side.

### **UN-220-18**

18" Straight Double 3 Square Point Needle

\$ 12.10 Ea    12 @ \$ 10.25

Used for inserting button twine with buttons in cushions or furniture backs, etc. The button is put on the button twine and the two ends are put into the eye of the needle and then pushed through the cushion or backrest from the front side and then tied off from the back side.

### **UN-245**

10" Straight Single Point Needle

\$ 4.20 Ea    12 @ \$ 3.55

Used for inserting button twine with buttons in cushions or furniture backs, etc. The button is put on the button twine and the two ends are put into the eye of the needle and then pushed through the cushion or backrest from the front side and then tied off from the back side.

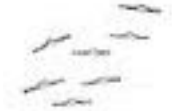

### **UN-593**

Time Saver Tufting Needle

\$ 39.90 Ea

Used to insert buttons without removing the outside back of piece being tufted. A great time-saver tool.

### **UN-594**

Clasps For Tufting Needle UN-593 (500)

\$ 15.50 Bx

Used to insert buttons without removing the outside back of piece being tufted. A great time-saver tool.

**COMMON "DRAPERY" AND "UPHOLSTERY" SUPPLIES / *Needles (All Types)***

**UT-505**  
12" Tufting Needle OSB 613  
\$ 19.85 Ea

Used to put buttons on furniture from the front side. Button twine with clasp is pushed all the way through the back and then released. The button is tied from the front.

**UT-506**  
Extra Clasps For UT-505 (144/Pk)  
\$ 10.90 Bx

Used to put buttons on furniture from the front side. Button twine with clasp is pushed all the way through the back and then released. The button is tied from the front.

**UN-250**  
8" Regulator Heavy Duty  
\$ 9.10 Ea    12 @ \$ 7.70

Used to stick through fabric to regulate the padding into corners or where the padding needs adjusting.

**UN-255**  
10" Regulator Heavy Duty  
\$ 10.55 Ea    12 @ \$ 8.90

Used to stick through fabric to regulate the padding into corners or where the padding needs adjusting.

**UN-256**  
12" Regulator w/Plastic Handle  
\$ 9.95 Ea    12 @ \$ 8.40

Used to stick through fabric to regulate the padding into corners or where the padding needs adjusting.

**UN-203**  
1ea - 3",4",5", 6" Curved Round Point Needle  
\$ 4.90 Ea    12 @ \$ 4.15

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-2**  
2" Curved Round Point Needle  
\$ 1.55 Ea    12 @ \$ 1.30

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-3**  
3" Curved Round Point Needle  
\$ 1.58 Ea    12 @ \$ 1.34

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-4**  
4" Curved Round Point Needle  
\$ 2.12 Ea    12 @ \$ 1.80

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-5**  
5" Curved Round Point Needle  
\$ 2.15 Ea    12 @ \$ 1.81

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-6**  
6" Curved Round Point Needle  
\$ 2.15 Ea    12 @ \$ 1.81

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**UN-201-8**  
8" Curved Round Point Needle  
\$ 3.35 Ea    12 @ \$ 2.75

Round point needles are used on light weight fabrics because they make a smaller hole and tend not to cut the fabric. The higher the gauge number, the smaller the needle diameter.

**COMMON "DRAPERY" AND "UPHOLSTERY" SUPPLIES / *Needles (All Types)***

**UN-204**

1ea - 3",4",5",6" Curved Diamond Point Needle  
 \$ 6.10 Ea 12 @ \$ 5.15

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-2**

2-1/2" Curved 3 Square Point Needle  
 \$ 3.05 Ea 12 @ \$ 2.60

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-3**

3" Curved 3 Square Point Needle  
 \$ 3.15 Ea 12 @ \$ 2.70

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-4**

4" Curved 3 Square Point Needle  
 \$ 3.89 Ea 12 @ \$ 3.29

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-5**

5" Curved 3 Square Point Needle  
 \$ 4.58 Ea 12 @ \$ 3.90

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-6**

6" Curved 3 Square Point Needle  
 \$ 5.05 Ea 12 @ \$ 2.95

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

**UN-210-8**

8" Curved 3 Square Point Needle  
 \$ 6.40 Ea 12 @ \$ 5.45

Square point needles are used on heavier fabrics because the square points cut through the fabric more easily.  
 The higher the gauge number, the smaller the needle diameter.

\$ 5.89 Ea    12 @ \$ 4.89

Dry Lubricant - Colorless - Odorless - Waxless - Stainless - Non-Flammable - No greasy or oily film - Not affected by water - Retards corrosion

Uses: Fabrics - Poly foam, lets cover slip on easier - Zippers - Sticking drawers - Spray fabric edge when sewing - Eliminates needle heat - Sewing machine working surface

### **Snap Fasteners**

#### **UF-900**

VL-12105 Baby Cap 5/16" Shank (100)

\$ 9.60 Bx    6 @ \$ 8.95

This small size snap fastener will provide firm snap holding power without a large aesthetic look on the finished product.

Finish: Nickel over brass (rust resistant).

Packed: 100 per box.

#### **UF-901**

VL-12205 Baby Socket Fastener (100)

\$ 8.55 Bx    6 @ \$ 7.95

This small size snap fastener will provide firm snap holding power without a large aesthetic look on the finished product.

Finish: Nickel over brass (rust resistant).

Packed: 100 per box.

#### **UF-902**

VL-12303 Baby Stud Wide Flange (100)

\$ 5.85 Bx    6 @ \$ 5.35

This small size snap fastener will provide firm snap holding power without a large aesthetic look on the finished product.

Finish: Nickel over brass (rust resistant).

Packed: 100 per box.

#### **UF-903**

VL-12402 Baby Post" Wide Flange (100)

\$ 5.20 Bx    6 @ \$ 4.80

This small size snap fastener will provide firm snap holding power without a large aesthetic look on the finished product.

Finish: Nickel over brass (rust resistant).

Packed: 100 per box.

## **COMMON "DRAPERY" AND "UPHOLSTERY" SUPPLIES / *Snap Fasteners***

### **UF-105**

VL-10127 Button Fastener Long (100)

\$ 13.50 Bx 6 @ \$ 12.50

These caps (buttons) are self-piercing and can be attached without pre-punching.  
Finish: Nickel over brass (rust resistant).  
Long shanks are for thick materials with several folds.

### **UF-110**

VL-10128 Button Fastener Short (100)

\$ 12.40 Bx 6 @ \$ 11.40

These caps (buttons) are self-piercing and can be attached without pre-punching.  
Finish: Nickel over brass (rust resistant).  
Short shank works best for most applications.

### **UF-115**

VL-10224 Socket Fastener Std. (100)

\$ 11.25 Bx 6 @ \$ 10.40

These sockets are heavy-duty with superior snap action. These sockets are used with all standard size caps (buttons).  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-915**

VL-10224 Socket Fastener Hard Action (100)

\$ 12.08 Bx 6 @ \$ 11.15

These sockets are heavy-duty with superior snap action. These sockets are used with all standard size caps (buttons).  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-121**

VL-10412 Eyelet Fastener Short (100)

\$ 6.35 Bx 6 @ \$ 5.85 6 @ \$ 5.85

These two parts are used together when the application requires two pieces of flexible material to be snapped together. When together, they snap into the button/socket. Note: A small flat-headed screw or pop rivet can also be inserted into the UF-124 stud and attached to a hard surface.  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-920**

VL-10413 Eyelet Fastener Long (100)

\$ 7.00 Bx 6 @ \$ 6.50

These two parts are used together when the application requires two pieces of flexible material to be snapped together. When together, they snap into the button/socket. Note: A small flat-headed screw or pop rivet can also be inserted into the UF-124 stud and attached to a hard surface.  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-124**

VL-10370 Stud Fastener Standard (100)

\$ 7.50 Bx 6 @ \$ 6.90

These two parts are used together when the application requires two pieces of flexible material to be snapped together. When together, they snap into the button/socket. Note: A small flat-headed screw or pop rivet can also be inserted into the UF-124 stud and attached to a hard surface.  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-922**

VL-10379 Stud Fastener Deep (100)

\$ 8.55 Bx 6 @ \$ 7.90

These two parts are used together when the application requires two pieces of flexible material to be snapped together. When together, they snap into the button/socket. Note: A small flat-headed screw or pop rivet can also be inserted into the UF-124 stud and attached to a hard surface.  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-924**

VL-10342 Gypsy Stud Fastener (100)

\$ 26.80 Bx 6 @ \$ 24.80

These two parts are used together when the application requires two pieces of flexible material to be snapped together. When together, they snap into the button/socket. Note: A small flat-headed screw or pop rivet can also be inserted into the UF-124 stud and attached to a hard surface.  
Finish: Nickel over brass (rust resistant).  
Packed: 100 per box.

### **UF-135**

VL-10393-12 Screw Stud 3/8" Stainless Screw (100)
