Bristol's Farm Market is proud to offer a Market Share program again this season. As opposed to a traditional boxed CSA share, market shares allow you the option of picking out what you like from the farm stand whenever you want it. By selling membership in advance of the growing season, it reduces the burden of up-front costs for us. Your membership fees provide us with money to pay our employees and purchase seed/equipment before the season starts. **We appreciate your commitment to our farm!!**

Market Share Fees

Market Shares are sold in \$90 increments, and every share is worth \$100 during the season, that's a 10% discount all season long. In addition if you buy 5 shares at once, you take an extra \$10 off. That's only \$440 for \$500 worth of produce and farm goods throughout the season. Market shares can be redeemed any time Bristol's Farm Market is open.
