Create Tour in SmartPSS

This allows the user to execute a display plan that cycles through the cameras to allow viewing of each cam independently.

In SmartPSS Click the (+)

Choose Tour and Task

Choose Add

Set up a Task (the cam you want to view first)

Choose the (+) in the box in the main screen

Choose the view that you would like to see for the first cam.

Select the Cam you want to view

Set the Stay Time

Change Stream Type to Mainstream

Choose Save

Repeat the steps above for each Task (Cam)

Click the (+) on the meu bar and goto Live View

Choose the Tour you would like to execute on the bottom left of the screen.

The cams will begin to cycle on the screen
