BEDSIDE TABLES

Invacare® Overbed Table

Height easily adjusts for comfort while reading, writing or eating. Attractive, walnut wood-grained laminate top with a T-molded edge designed to resist damage. Heavy-gauge, silver vein, tubular, welded steel construction ensures durability, and the 1.5" casters ensure smooth mobility in any direction. Light upward touch on patented spring-loaded locking handle allows table to elevate freely. Unique U-base design permits use with chairs. Base 15.5" W x 26" L, table top 30" L x 15" W x 0.75" H, height adjusts 27.25" – 42". Weighs 27 lbs. 25-lb. weight capacity. One-year limited warranty.

ITEM #	HCPCS	SOLD BY
6417	N/A	ea

Invacare® Tilt Top Table

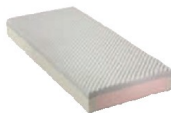

Overbed table allows three angle positions in either direction using tilt-release lever. Table elevates freely with light upward touch; downward touch locks it into position. Adjustable height for comfort while reading, writing or eating. Supports up to 25 lbs. of evenly distributed weight in lowest position. Attractive walnut wood-grained laminate top measures 30" L x 15" W x 0.75" H, base 26" L x 15.5" W, height adjusts 25.75" – 39". Weighs 28 lbs. One-year limited warranty.

PRESSURE REDUCTION SUPPORT SURFACES

Invacare® Solace® Prevention Foam Mattress

Two-layer quality foam designed for preventing pressure ulcers. A zoned top layer relieves pressure in the important susceptible body zones, while the convoluted fortress-cut foam offers more surface area for user support and relief. Includes softer head and heel sections to help protect vulnerable areas. Helps distribute weight and lower interface pressure to help prevent pressure ulcers in low-risk patients.

70-denier nylon cover guards against friction with non-skid bottom surface. Convoluted foam helps circulate air around user. 80" L x 36" W x 6" H. Flammability meets 16 CFR 1632 and 16 CFR 1633 TB 129 and ASTM 1590. Five-year warranty on mattress, one year on cover. **Drop ship item.

ITEM #	HCPCS	SOLD BY
80" L x 35.5" W x 6" H	SPS1080**	E0184 ea

Invacare® Gel Foam Mattress Overlay

Several large 2" thick gel bladders encased in a polyurethane foam mattress core provide maximum patient comfort and help prevent and treat pressure ulcers. Gel stays under patient and will not migrate from point of pressure. Reversible for increased service life. Durable base material with strong elastic corner straps reduces overlay movement. Vapor permeable, water-resistant cover with low friction and shear. Does not contain latex. 77" L x 36" W x 3.5" H. Weighs 55 lbs. 250-lb. weight capacity. Six-month warranty.

LIFTS AND SLINGS

Invacare® Reliant™ 350 Standup Lift

Adjustable pivoting leg support features a soft pad with lateral contour that secures legs in three positions for comfort at any height. Wide, non-slip footplate provides stable base for transfer. Ergonomic features make it ideal for toilet transfers, as well as for dependent and rehabilitation purposes. Fast, simple sling attachment that protects against accidental disengagement, wide push handle, good access for clothing removal and comfortable slings with extended back support that prevents pressure in the axilla area. Innovative adjustment features adapt to a wide variety of body sizes and shapes for comfort at any height, width and weight range up to 350 lbs. Multifunction slings allow for quick toileting, stand assist or full-support seated transfer. Adjustable leg strap option secures leg against knee pad for optimum positioning on footplate. Warranty includes three years on lift, one year on electric components. Under-bed clearance of 4.5" allows accessibility to most nursing home, hospital and home care bed styles. Removable battery eliminates downtime. **Drop ship item.

BEDDING SUPPORT SURFACES AND OVERLAYS

WAFFLE® Expansion Control Mattress

Used in hospitals, nursing homes and home care for more than 25 years to prevent and treat pressure ulcers. Static air technology evenly distributes the body's weight on the bed surface while reducing skin shear and friction. The hand wells surrounding the product allow for easy logrolling and user transfers up to 600 lbs. The low-profile design ensures user safety and ease of movement in and out of bed. Inflate with WAFFLE M.A.D.® hand pump. Three-month warranty. 30" W x 75" H x 3" D.

ROHO® (RO)

ROHO® CONTOUR SELECT® Cushion

Allows users to sit in the same position with the same support each time they transfer into the chair. If postural adjustments are needed, they are made while the user is seated – no need to transfer on and off. ISOFLO® Memory Control locks air into each of the four quadrants, providing stability by minimizing

side-to-side and front-to-back motion. Contoured design positions the pelvis back in the wheelchair and centers the user comfortably in the middle of cushion. Separate air cells allow air circulation to reach the surface of the skin and provide a cooling environment. Flame-resistant, neoprene rubber construction. Cushion can be cleaned easily with soap and water, and can be patched or repaired. Includes CONTOUR SELECT Cushion, hand inflation pump, two-way stretch cover, instruction booklet, repair kit and operating instructions. Unlimited weight capacity as long as cushion is properly sized to the individual. Three-year limited warranty. **Drop ship item.

ROHO® QUADTRO SELECT® Cushions

Allows for quick, simple position selection for every user while seated. Provides unparalleled performance in facilitating blood flow by fitting, matching and tracking the shape of a person. Stability is enhanced by locking the air into place in each of the four quadrants through the simple use of the ISOFLO® Memory Control, minimizing side-to-side or front-to-back motion. Unlimited weight capacity as long as cushion is properly sized to the individual. Includes two-way stretch cover, instruction booklet and hand inflation pump. Black. Three-year limited warranty. **Drop ship item.

ROHO® SOFFLEX®2 Mattress Replacement System

This mattress replacement system is a superior skin protection support surface for different care settings, costing less than leading powered mattress systems. Utilizing ROHO's Shape Fitting Technology®, SOFFLEX 2 Mattress' interconnected air cell sections may be adjusted separately to match the individual's shape, providing overall skin/soft tissue protection, comfort, and treatment. Three sections create a multi-zoned support surface for an individualized fit. The side inflation ports allow for easy, quick access to adjusting each section. Fits most bed frames including existing home, hospital or care facility bed frames that are 80" to 84" in length and 36" or 42" wide. Cost-effective and energy efficient. The SOFFLEX 2 Mattress is non-powered, reusable and costs significantly less than powered mattress systems. For people who are at risk of developing pressure ulcers and/ or tissue injury or who currently have skin/soft tissue breakdown; have any stage pressure ulcer, skin grafts or recent myocutaneous flap surgery; need comfort or need a mattress that provides an individualized fit. Weighs approx. 28 lbs. (12.7 kg). Cover is fluid-resistant, flame-resistant and the cover top can be cleaned and disinfected between patient use. 5-year limited warranty on the Mattress System; Cover has 18-month limited warranty. **Drop ship item.

BACK CUSHIONS

Supra Visco Back Cushion

General use back cushion. Helps improve the comfort of those in a wheelchair. At the core is high quality sculpted foam, contoured to conform to the user's spinal curvature. Embedded in the core is a premium memory foam insert in the lumbar region to aid in relief of lower back pain. Contains a rigid insert that reduces the "hammock effect" commonly associated with sling-back wheelchairs. Cover is fire retardant, removable for easy cleaning, specially treated to make it moisture proof, yet it remains vapor permeable to help

reduce sweating and increase air flow. Non-slip back and straps allow the user to fasten securely to the seat back and helps insure proper cushion placement. *Drop ship item.

Equipment Tags

Vivid, color-coded equipment tags designate "Clean Equipment," "Dirty Equipment" and "Equipment Repair." Made of durable cardstock. Help HME equipment providers meet requirements of accreditation agencies to designate equipment status. Compliance with these standards is both good business practice and is required by governmental agencies. Tags can be used in conjunction with tinted poly equipment covers for a complete identification system. 29½" x 4¾". 12" long wire ties are included for easy attachment to virtually any piece of equipment.

(GU)7767*	E0148	ea

Guardian® Plus Bariatric Folding Walkers

Two-button folding allows independent operation of each side so walker fits through narrow spaces while maintaining rigidity. Easy-to-use folding mechanism is ergonomically designed for operation with palm, finger or arm. Lightweight, 1", aluminum tubing with dual steel cross bars supports up to 650 lbs. and weighs only 8½ lbs. Fold to 4½" for ease of transportation and storage. Solid brass detent buttons resist wear and breakage while supporting user's weight. Footpiece silencer provides quiet adjustment and rattle-free use. *Special order item.

LIFTS

Reliant 600 Bariatric Power Lift

Battery powered full body patient lift with a 600lb weight capacity. Low 4.5" manual base height provides access to furnishings that are close to the floor. Provides a large lifting range that allows for patient transfers to high surfaces. Low friction casters (front 3.5", rear 5") significantly improve maneuverability and contribute to caregiver safety. Manual lowering for instant response to power loss. Boom controlled through hand pendant. Base legs adjust easily and lock securely into open position with padded shifter handle. Extra-wide coated swivel bar with 360 degree rotation and six-point hook-up. Total pinch-point protection covers all moving parts for added safety. One charger output 24-volt DC, two removable 24-volt battery packs, audible low battery alarm, 150-250* lifts per charge (*varies w/ lift range & load). Base length 48", base width; open 41", closed 26.5", overall height @ sling hookup 68-28". Product weight 112lbs, shipping weight 138lbs. 3 year warranty on lift, 1 year on electric components. * Special order item.
