## Red Tomato Farm Quarterly Newsletter

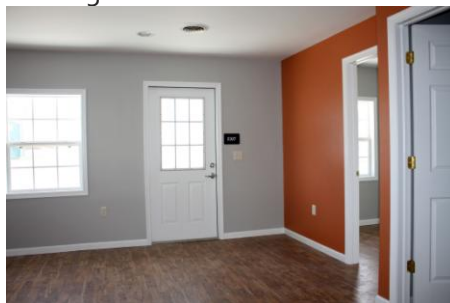

# Spring 2015

### IN THIS ISSUE

## It's almost ready!

by Hana Rosen-Westhafer

The arrival of spring brings happy news from Red Tomato Farm. All of our heaviest construction is complete! In our upper nursery, two ADA compliant bathrooms were added, walls removed, and a beautiful kitchen installed. A fresh coat of paint and new flooring make the renovated space almost unrecognizable.

Our lower nursery (formerly the kennel) had a drastic transformation as well. All external doors are equipped with screens so we can catch some of the nice breeze in the summer that flows across the property. Ceiling fans will be

installed soon for summer days. Speaking of summer, our pool will be open and ready for use, too!

We have submitted our application for licensure, and we anticipate opening the program very soon.

We hope you can make it to see the renovations in person at our **Open House on April 9, 2015 from 10:00-4:00.**

If you would like to make a referral, please call 717-221-8004 or visit our website, [www.hempfieldpa.com](http://www.hempfieldpa.com) for a referral packet.

**Happy Spring from Red Tomato Farm!**

The renovated lower nursery.

There are also wheel chair accessible parking pads with access to both the upper and lower nurseries.

The newly renovated kitchen.
