

BIOGRAPHIES

One year ago, **Elizabeth Martinez** joined the PHOAC team as an Administrative Assistant for the San Diego Office. Satisfying customer's requests is most important to Elizabeth. Her patience, friendliness and strong work ethic are just a few of the qualities that lead Elizabeth to the quick promotion as an Onsite Assistant Community Association Manager.

Prior to her employment with PHOAC, Elizabeth was a production planner for a box company in San Diego, CA. She handled all of the customer service needs for 16 years. There, Elizabeth grew to become a highly efficient multitasker balancing customer needs and the profitability of the company.

When not working, Elizabeth's free time is spent enjoying time with her family. Her three beautiful children are her world even though they are not babies anymore, to her they will always be! They say the best Moms are promoted to Grandmas, and it must be true, as Elizabeth's biggest joy is her bright and loving granddaughter. When not at work or with family, Elizabeth can be found taking a relaxing stroll either at the beach or along a pathway.
