

## Half immersion Chinese class is open!!!

Plano campus, Tianyi Montessori Bilingual School  
New & hot teaching programs in the fall of 2019

Chinese culture is extensive and profound. Now Chinese learning is popular all over the world. As an image-related character, Chinese characters have been widely recognized in stimulating imagination, enlightening children's thinking and promoting brain development.

Experiments have surely proved that it is the best time to learn language during the infantile period especially the second language. Since Chinese is the most widely used language in the world, learning Chinese can provide more opportunities both in development and employment in the future.

Based on Chinese Montessori textbooks, this course covers Chinese language, mathematics, painting, nursery rhymes, stories, and children's songs, Chinese dance, paper-cutting and other ethnic culture courses which enable children to feel the beauty of Chinese characters and the profoundness of Chinese traditional culture!
