ALCOHOL AND CRIME IN WYOMING: 2023 Supplemental Report

April 2024

The Wyoming Association of Sheriffs and Chiefs of Police has been collecting and analyzing substance-involved data from persons who have been arrested and booked into county detention facilities in Wyoming since 2005. The Association publishes the results of the analysis each year in two reports. These reports provide the data analysis necessary for state and community leaders, prevention specialists, and law enforcement administrators to devise and implement effective strategies to reduce substance-involved crime in Wyoming. This project was managed by Johnson and Associates of Douglas, Wyoming. The report was authored by Ernest L. Johnson, Director of Services.

Alcohol and Crime in Wyoming - 2023 Supplemental Report

INTRODUCTION

The report contains alcohol-related information collected in all twenty-three counties in the State of Wyoming for a period of twelve months (January 1 through December 31, 2023) by the Wyoming Association of Sheriffs and Chiefs of Police. Information was collected from a total of 7,953 persons who were arrested and subsequently detained in a county detention facility.

This report provides detailed county specific alcohol-related information and is a supplement to the Alcohol and Crime in Wyoming – 2023¹ report.

ACKNOWLEDGEMENTS

The Association instituted a data-collection process in 2019 whereby the arresting officer or book-in officer was able to submit an electronic reporting form to the Association at the time of the arrest. This replaced the use of hand-filled paper forms that were submitted by postal mail by each detention facility supervisor once a week.

This project was initiated in 2005 and continues to be accomplished due to the committed support of the law enforcement administrators in Wyoming and their generous commitment of agency resources. The day-to-day supervision and submittal of the project reporting forms and the individual efforts of every officer who filled out the reporting forms should be acknowledged as well. Their collective efforts were essential to the overall success of this project.
