## Summer News and Updates

[Visit our Website](#)

### Brown Patch and Dollar Spot Summer Lawn Disease

**Brown patch** is really a summer lawn disease that's **caused** by a **fungus** called *Rhizoctonia*. The disease begins to show growth when temperatures reach 65°, but the most active growth of **brown patch** lawn disease occurs at temperatures of 80-85° when humidity levels are very high.

**Dollar spot** is caused by the **fungal** pathogen *Sclerotinia homoeocarpa*, in the Sclerotiniaceae family. The pathogen blights leaf tissues but does not affect turf grass roots or crowns. The **disease** is a common concern on golf course turf, but is rare in sports turf and professional landscapes.

## Fungus loves water!

You can slow it's growth by reducing your sprinklers. We can treat it! Give us a call as soon as you can see it. We will evaluate it and provide your estimate. 540-223-5897

## Weed & Feed Lawn Program

We offer a wonderful Weed and Feed program which in 2018 is being applied with 8 unique applications. Our full program runs from March to November of each year. You can start anytime but, each application is weather dependent and must be applied during the proper time. For example, aeration and over-seeding is done in September. Call today with any questions about our program and see how you can achieve the lawn of envy in your neighborhood.

Very professional! And quality cuts and trimming! My rider mower broke this season and Chaz and his team were recommended and it was so nice to come home to a beautiful yard! And Kathy the office manager is so polite and gave me all the information I need. Will ABSOLUTELY be using you guys in the very near future! Thank you so much

They built my retaining wall at Lake Anna. Charles was very professional and courteous. He and his team followed through on all of their commitments and the wall looked fabulous. The price was reasonable and the service was exceptional. Everything went just as planned. Great company to work with.

### Lake Anna Spring Fest

It was so much fun to be part of the Lake Anna Spring Fest back in May. Thanks to everyone who stopped by our table for information, to chat and say "Hi" Congratulations to everyone who played 'Fire-pit Frisbee' and won a prize! So informative and . An enjoyable time had by all.

**Matthew has been with Local Landscapers for the past 2 years learning all aspects of the landscaping trade and has been educated to become our Turf**

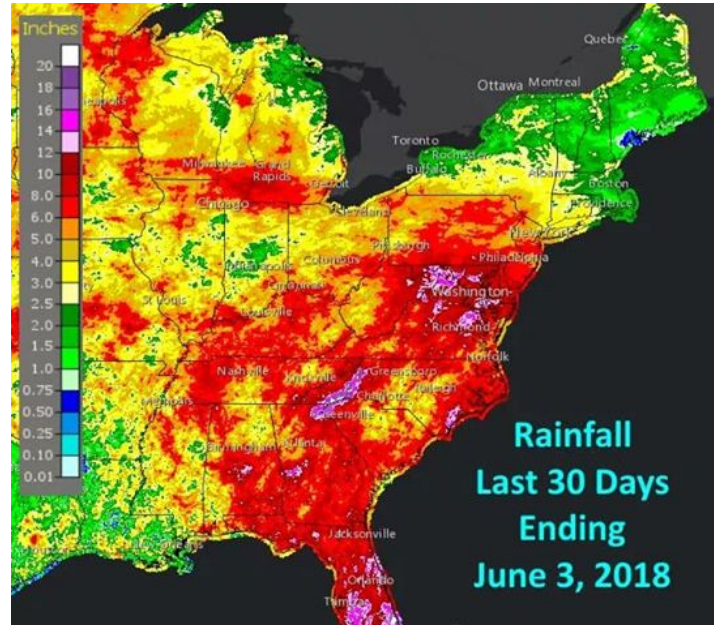

Technician. He was a member of the Turf and Jungle crew at Louisa High School and has spent the past two years mastering general studies at Piedmont Community College. In his spare time he enjoys watching movies.

**Wow!**

I have attached the graphics to show the massive rain fall amounts we received this year to date.

I want to take this opportunity to *thank each and every one of you*, for bearing with us during the constant rain and flooding we have experienced and let you know how determined our crews were to make your lawn look fantastic.

*We look forward* to taking care of your lawns so that you can relax and enjoy yourselves without the worry of landscaping!

If we can help you with any other features such as gravel for your driveway or a new walkway, please do not hesitate to contact us for an estimate.
